Please be advised that cybercrime is major in South Africa. It occurs as per form of fraudulent communication, including phishing e-mails or attempts to mislead individuals into making unauthorized payments.

If you have received an e-mail/invoice and have any questions or concerns, **please contact our office directly by telephone** using the official contact number provided previously and kindly check the e-mail address from where you received instruction to make payment to be **exactly** the same as per usual communication.

Most importantly, don't make any payment or transfer any funds until you have spoken with our office and confirmed the banking details personally. This is a critical step to protect yourself from fraud.

Neem asseblief kennis dat kubermisdaad baie plaasvind in Suid-Afrika. Dit kom voor in die vorm van bedrogkommunikasie, insluitend onderskepping van e-posse of pogings om individue te mislei om ongemagtigde betalings te maak.

As u 'n e-pos/rekening ontvang het en enige vrae of bekommernisse het, **tree asseblief in kontak met ons kantoor direk per telefoon deur die amptelike kontaknommer**, en kyk asseblief of die e-posadres waarvandaan u instruksie ontvang het om betaling te maak presies ooreenstem met vorige kommunikasie.

Die belangrikste is dat u nie enige betaling moet maak of enige fondse moet oorplaas voordat u met ons kantoor gesels het en die bankbesonderhede persoonlik bevestig het nie. Dit is 'n kritieke stap om uself teen bedrog te beskerm.
